Dancers at this level should be able to apply proper turnout and posture without instruction, have a great understanding/knowledge of ballet terminology, and have a great sense of balance/strength when executing exercises in the centre.

Dancers at the Senior level are eligible to join the JLSD ballet examination track.

This class performs in our year-end performance, and the costume is included in your fees.

Note: Senior 1 must be taken before Senior 2, or you must be assessed upon joining the studio.
